# Who we are

Founded in 1982, Atlas Ocean Co. Ltd has been here for around 40 years. Four decades of excellence have made us what we are today, a true pioneer in the shipping industry. From humble beginnings in The Kingdom of Saudi Arabia to a network that expands to the four corners of the world, Atlas Ocean Co. Ltd is here to best serve your needs and take your business goals forward.

As a proud member of the World Cargo Alliance (WCA), we offer the fastest and most efficient solutions to your most demanding logistical needs. Whether you are a manufacturer, a distributor, or simply managing a short-term project, we will move what you want, however you wish, and to wherever you need.

Our business relies on our highly skilled staff equipped with the latest technologies to supply you with the complete package: from establishing contact with overseas suppliers to delivering the cargo to your chosen destination, the entire operation is meticulously managed to ensure your satisfaction, which is our first and foremost priority.

As a local company our services are built around your needs. Our highly skilled staff are available around-the-clock to satisfy your objectives as our work methods rely on aligning our services with your business demands.

# Our Values

There is no limit for our work as we always strive for a global impact. As leading freight forwarders, business growth takes center stage on our agenda. Long-term continuous success is the fruit of strategic planning based on firm deep-rooted principles.

At Atlas Ocean Co. Ltd, we define ourselves by indispensable qualities that mould the nature of our work and provide the bedrock for our success.

A black and white photograph of a worker in a high-visibility vest holding a clipboard, standing in a warehouse. The worker is on the right side of the frame, looking towards the left. The background shows the industrial structure of a warehouse with a corrugated metal roof and various equipment. The text is overlaid on a dark semi-transparent background.

## Integrity

Integrity forms the root of our values. Successful businesses do not compromise when it comes to their own moral principles and we are no different. Our actions as a company have always been guided by our commitment to an honest and consistent business. This starts on an internal level among employees and extends to our external relationships with clients and stakeholders where all of our interactions are built on trust and integrity.

## Sustainability

The key to long-term success is sustainability. At Atlas Ocean Co. Ltd, we are constantly reflecting on how we can enhance our work methods and develop our activities to adapt to current and future realities. New challenges arise every day and we make sure to be always ready to overcome them.

## Responsibility

Four decades of activity have shaped our experience and turned us into what we are today: a responsible and reliable business. We do not serve our clients on the basis of a client-provider relationship, we rather consider our commercial dealings as a business partnership. Our clients yield the most on their investments due to our commitment to a trustworthy service.

## Transparency

Transparency forms the backbone of all our operations, it promotes trust, fosters growth and increases the value of our work. Our employees adopt a clear and honest approach when contacting clients, an approach that has been indispensable to our continued success.

# Our Services

At Atlas Ocean Co. Ltd, our top priority is client satisfaction, that is why we offer a complete package that will ease your mind and fast-forward your goals. Our specialists are happy to advise you on the solutions that carry the best outcome for your business.

## Customs Brokerage & Clearance

Our customs-dedicated infrastructure allows us to stake a claim among the leading customs clearing agents in the country. Whether you wish to import or export, we will swiftly clear your shipment from the port or airport. With 25 brokers working under one company-owned clearance license, the entire procedure is controlled by our management. This allows us to expedite the process and cut out needless delays caused by third party intervention. Additionally, all of our brokers report to our integrated management unit, which ensures a smooth experience for our clients as all the necessary information that they may need are available in one focal point. Shortening lead time and optimizing cash flow are just some of the benefits that you will enjoy by entrusting us.

The exhaustive experience that we have assimilated over the years has seen us clear all types of goods and has turned us from common stakeholders in the field to leading solution providers. Our experts' mastery of local regulations and their ability to identify the potential challenges that are specific to each client inspire confidence and trust in our work.

Put simply, the in-depth sector knowledge at our disposal coupled with our uncompromising desire to deliver the best for our clients guarantees an outcome that is both cost-effective and unrivalled.

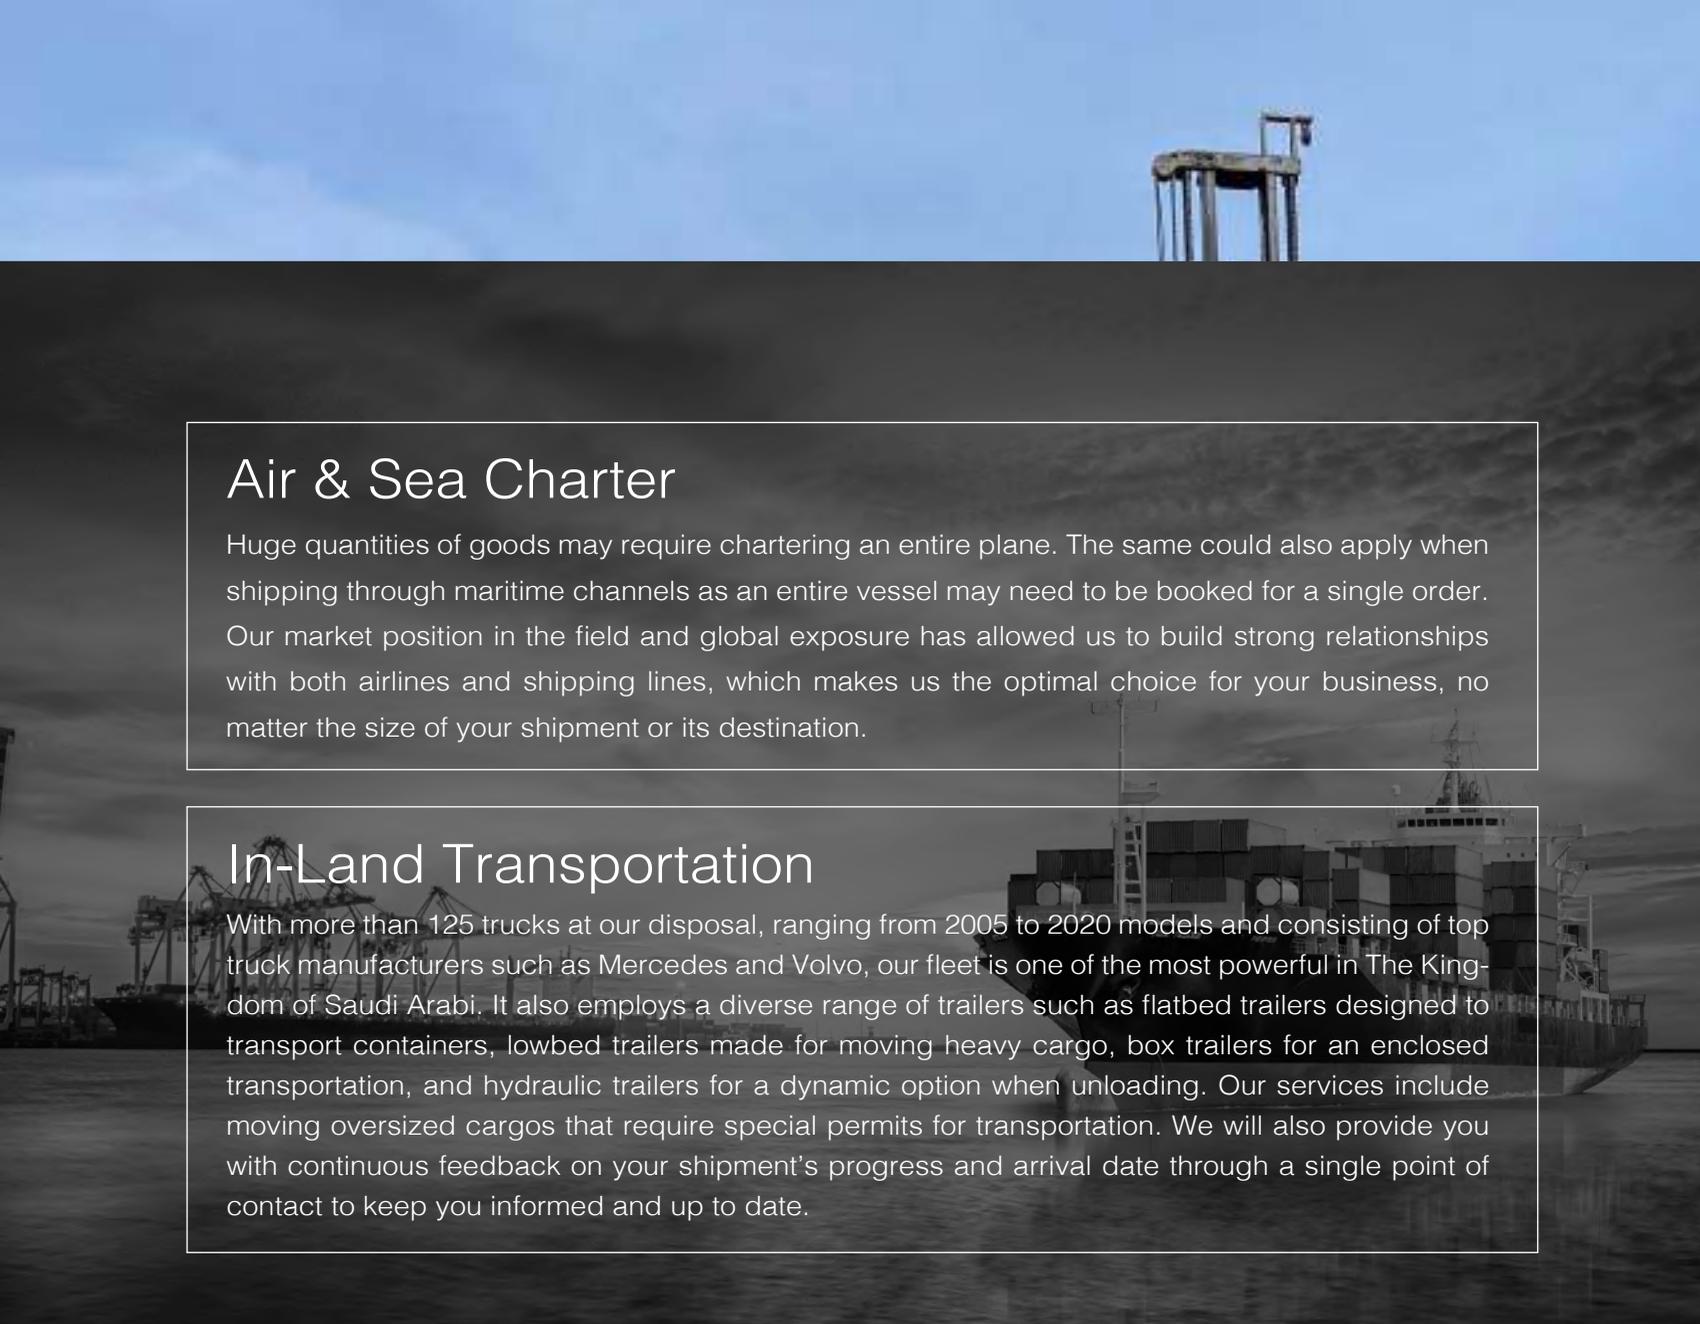

## Air Freight

Air freight is known to be the fastest path for long distance transport. We understand that some shipments cannot wait. That is why we offer a reliable and customizable service known for its rapidity and consistency.

## Sea Freight

We have a long successful history in sea freight that has seen us handle all types of cargos. From moving flammable and delicate goods to transporting shipments with unique requirements, 40 years of experience in maritime transportation have turned us into pioneering field experts. We pride ourselves on being solution providers, whether you have an FCL (Full Container Load) or an LCL (Less than Container Load), we will adapt our operations to get the job done.

## Air & Sea Charter

Huge quantities of goods may require chartering an entire plane. The same could also apply when shipping through maritime channels as an entire vessel may need to be booked for a single order. Our market position in the field and global exposure has allowed us to build strong relationships with both airlines and shipping lines, which makes us the optimal choice for your business, no matter the size of your shipment or its destination.

## In-Land Transportation

With more than 125 trucks at our disposal, ranging from 2005 to 2020 models and consisting of top truck manufacturers such as Mercedes and Volvo, our fleet is one of the most powerful in The Kingdom of Saudi Arabi. It also employs a diverse range of trailers such as flatbed trailers designed to transport containers, lowbed trailers made for moving heavy cargo, box trailers for an enclosed transportation, and hydraulic trailers for a dynamic option when unloading. Our services include moving oversized cargos that require special permits for transportation. We will also provide you with continuous feedback on your shipment's progress and arrival date through a single point of contact to keep you informed and up to date.

# Why Choose Us

We are proud to be one of the leading freight forwarders in the region. With partners from all over the world, Atlas Ocean Co. Ltd is ready to suit all your needs in the fields of customs clearance, import and export, and transportation. A service that measures itself by client satisfaction levels is a service that is bound to succeed. Atlas Ocean Co. Ltd puts the client first, our entire framework is designed to answer our clients' most pressing logistical needs. From the first point of contact to the completion of the operation, we make sure that the client is thoroughly satisfied and has all the needed answers. Our business success, financial stability, and significant market share are the product of countless dedicated hours put in by our specialized staff. The deep industry links that we have honed over the years, our ever-growing track record, and our good standing in the local and international market attest to our pioneering position as leaders in the field.

The background image shows a port or warehouse setting. A large crane with a blue boom is visible in the upper right, with the name 'fanfuzzi' partially visible. Below it, a red rail stacker is positioned, with the words 'RAILstacker' printed on its side. The scene is set against a clear blue sky, and the overall image has a semi-transparent dark overlay to accommodate the text.

## A Worldwide Network

We are a proud member of the World Cargo Alliance, the world's largest and most powerful network of independent freight forwarders in the world. A network that extends to 190 countries around the globe. Our global coverage is further strengthened by solid connections with shipping lines which allow us to enjoy great advantages and offer competitive rates and conditions.

## A Dedicated Staff with the Latest Technologies

Our staff is our most valuable asset, we believe in investing in our staff and growing together. This is reflected by our employee turnover rate which amounts to less than 1%. Our staff's efficiency is further improved by using the latest technologies. Cutting-edge software such as Bridge help us stay ahead as it collects all of the shipment data and connects to every truck at our disposal to provide real-time detailed tracking of all logistical operations. From office managers to truck drivers, more than 200 employees work together to deliver the best for our clients.

## A Vast Fully Equipped Storage Facility

Around 40,000 square meters of fully-owned storage space is available to receive your shipments while we wait for your delivery instructions. With onsite accommodated staff and 24/7 security surveillance, our storage area is more than equipped to process all your logistical requirements. From forklifts to truck cranes, our specialized staff are powered by a diverse range of logistical equipment with a maintenance team available around-the-clock. Additionally, more than 125 trucks are at our disposal to make sure that no operation is delayed while our sea barges are fully prepared to receive maritime shipments.

## A Guarantee of Quality

All of the goods transported by our trucks are guaranteed by a 10-million-riyal third party insurance. Damages to your shipment sustained on Saudi road due to unfortunate accidents and valued at less than 10 million Saudi riyals will be covered by our insurance. Our material guarantee also extends to a guarantee of quality. Our business priorities have always focused on providing the best-in-class service. The expertise of Atlas Ocean Co. Ltd has been recognized and accredited by competent institutions such as the World Cargo Alliance, the International Federation of Freight Forwarders Associations, the General Authority of Civil Aviation and many more that have attested to the prime quality that we have to offer.

# Our Business Partners

Our clients form an indispensable part of our success and we hold them to highest esteem as business partners.

Should you grant us your trust, rest assured that we will dedicate our full commitment and invaluable expertise to fulfill your objectives and take your business forward.
